Decision Makers And Budgeting Worksheet

All households make decisions differently. By telling us who makes decisions we'll know who to talk to (and just as importantly; who not to talk to!). Decision makers might be spouses, partners, children, friends and other family members. Eco-Building & Forestry suggests that if there is a person whose opinion you rely on; they should be part of this entire process and attend all of the meetings.

Please list below the partners making the decisions regarding the project.

BUDGETING WORKSHEET						
INSTALLATION YEAR					BUDGET AMOUNT/YR	During your first visit with Eco-Building & Forestry, we are happy to take time to discuss your budget. By making budget decisions early in the process we can guide you, discuss options and plan for the future. By working with Eco-Building & Forestry your investment will produce tangible benefits for you, your family, your property and the environment. Because your landscape will fit your lifestyle it will increase in value every year. Isn't it worth it to have a landscape just the way you want it, without hassles, a place to relax, an entertainment destination and as a good investment? There are many finance options available and if you are building a new home we can help make sure that the construction loan contains a realistic landscape budget.

Property Management: Special Section

Do you have a large property that you want to properly manage so that it fits the way you want to live? Eco-Building & Forestry can assist you with the sound environmental management of properties from one to one-thousand acres. If your property is less than one acre, parts of this section may still be of importance to you.

In which areas are you in need of assistance?

Maintenance and Establishment

IRRIGATION

After planting it is important to keep the plants properly watered during establishment. It may only take a day without watering for some plants to die. Below are some options to make watering less of a hassle.

- | YES | NO | |
|--------------------------|--------------------------|---|
| <input type="checkbox"/> | <input type="checkbox"/> | We have made arrangements for our plants to be watered daily. |
| <input type="checkbox"/> | <input type="checkbox"/> | We have adequate hose lengths to reach the areas to be watered. |
| <input type="checkbox"/> | <input type="checkbox"/> | We would like to know the costs of having Eco-Building & Forestry check our plants daily. |
| <input type="checkbox"/> | <input type="checkbox"/> | We want more information on low water use options like drip and micro-irrigation. |
| <input type="checkbox"/> | <input type="checkbox"/> | We would like to know about options for making our watering system automatic. |

PESTICIDE/HERBICIDE APPLICATION & ORGANIC ALTERNATIVES

Keeping weeds and pests from competing with your new plants is essential to their survival.

PESTICIDES: *Establishing and maintaining a landscape may be aided by the prudent application of herbicides and other pesticides.*

ECO-WEED BARRIER: *A totally biodegradable weed barrier placed underneath bark mulch. This method is roughly 90% effective and reapplication may be needed.*

- | YES | NO | |
|--------------------------|--------------------------|--|
| <input type="checkbox"/> | <input type="checkbox"/> | We would like the correct and legal application of pesticides on our property. |
| <input type="checkbox"/> | <input type="checkbox"/> | We would like the Eco-Weed Barrier alternative to herbicides (entirely biodegradable). |
| <input type="checkbox"/> | <input type="checkbox"/> | We need more information on organic alternatives |

MAINTENANCE

All landscapes need a certain level of maintenance. Maintenance may include but is not limited to mowing grass, weeding, pruning, deadheading flowers, protecting plants and watering. Maintenance is an issue that all property owners must address. Specialized products can be installed to reduce costs over time. Please estimate the amount of time & money you have in your annual budget to address maintenance concerns.

We plan on having our landscape maintenance done by (check all that apply):
